Editor' s Note

Dear Parents,

Hi everyone, I am Senior Teacher, Ms. Cheang. 2021 has arrived. I hereby hope every parent and child Happy Year of Cow, wish you the best of health, & may all your wishes come true.

In the previous year, the world has been facing the COVID-19 pandemic and it challenges our daily life. In this critical moment of combatting the virus, we have to stay connected and face the challenges together. We also have to actively solve different problems with gratitude, hope and optimism. We hope to pass this positive characters to our children, so that they can face difficulties with positive mindset.

The epidemic in Hong Kong is slightly easing due to concerted effort in the society. We hope to resume normal life after the Chinese New Year and children can resume school soon for happy school life.

Anti-epidemic Special Episode

As school is resuming soon, remember to maintain personal hygiene. Complete the anti-virus four step routine when you are back to school! Let's have the teacher to introduce us the steps!

Parent-child Game: Toss the Tangerine

Apart from maintaining personal hygiene, we have to exercise more to maintain a healthy body too. Below is a simple parent-child game, let's work out more at home!

Game Instruction:

1. Tie a knot in a towel

3. Child catches the towel

2. Parent stands in front of child and tosses the towel

Materials needed : Towel
Game Goal :
• Train up reaction time & sensitivity
• Train up toss & catch skills

Yearly Plan

Through different activities, children will understand different emotion and express that in daily life.

The school has organized different activities to promote the understanding of emotions:

Picture Book Sharing

Teacher uses picture books to share various positive emotions and encourages children to think of different solutions for problem solving.

"Little Helper"

Children take turn to be a little helper. They can feel satisfied throughout the process, and slowly develop a helpful mindset.

"Positive Emotion Group" Caring Activity

The school's stationing social worker, Ms. Lee, holds "Positive Emotion Group" for K2 & K3 children for a positive mindset development.

Designing "The Tree of Hearts"

Children express how they feel on the note card. They will share with friends and post it on the tree of hearts.

Set up "The Land of Expression"

Children design their own faces of feelings for emotional expression.

Organize Parent-child Christmas Ornament Contest

The school organizes an ornament design contest to encourage children using different recycled materials for ornament-making.

Welcome!

Hi everyone! I am Ms. Lo and I am very happy to join the Chu Lee Yuet Wah family. Although I am not able to meet everyone at the moment due to the epidemic, I will still grow and learn together with all the children. I hope to see everyone soon and create more amazing memories!
